J.Lynne Cosmetics Shows Off Their Natural Moves With The Latin Rhythms Mineral Blush Collection

*Who says you can't have two left feet and still enjoy the drama, passion, and cha-cha-charm of ballroom dancing? J.Lynne Cosmetics, an indie beauty company offering all-natural, cruelty-free cosmetics, introduces the **Latin Rhythms Mineral Blush** collection, filled with six lush, luminous colors inspired by Latin ballroom dancing*

J.Lynne Cosmetics gives their all-natural, eco-friendly mineral makeup a unique, spicy twist with the introduction of their **Latin Rhythms Mineral Blush** collection. Inspired by the growing popularity of Latin ballroom dancing, these pure mineral blushes range from sheer to sultry, and have been created with J.Lynne's trademark all-natural ingredients and skin-complimenting colors.

"There's nothing sexier than the natural flush that comes into a woman's cheeks when she's dancing or exercising," says Jessica Lynne Miller, owner and creator of J.Lynne Cosmetics. "I wanted to capture the essence of a pure, natural cheek color, but with a sassy twist. I'm a big fan of ballroom dancing, so it was only natural that colors and names inspired by Latin dances were the perfect fit for this collection!"

J.Lynne Cosmetics Soft Silk Blushes are formulated with lush, naturally-occurring minerals and pigments. The Latin Rhythms shades join J.Lynne's **Original Collection** (six beautiful customer favorites) and the **Fountain of Youth Collection**, featuring five completely matte colors designed to create a soft, youthful flush.

J.Lynne Cosmetics mineral blushes are available for purchase at www.jlynnne.com. Full size jars are available for \$9.00 each, and sample jars are available for \$1.50 each.
